

# SMARTER SHOP SOLUTIONS FOR EVERY INDUSTRY

**INNOVATIVE**  
SHOP SOLUTIONS

[innovativeshopsolutions.com](http://innovativeshopsolutions.com) | 651-528-6793

**Mobile, durable, and efficient storage systems**  
that keep your workspace clean, organized, and moving forward.

## PARTS MANAGEMENT & MAINTENANCE CARTS

# PARTS MANAGEMENT AND MAINTENANCE CART

PART # **SSPC-B**

The go-to mobile storage solution for technicians, fabricators, and maintenance pros across fleet, aviation, marine, and light manufacturing industries.

The Innovative Parts Cart B™ helps keep parts, tools, and materials organized and within reach –no matter where the work takes you.

Built for durability and mobility, it transforms any work zone into a model of efficiency.

### KEY FEATURES:

- ▶ **Three Heavy-Duty Shelves**  
Adjustable and spacious for storing a wide range of parts and supplies.
- ▶ **Telescoping Support Arms**  
Extend from 18" to 27" to hold long items like trim, hoses, or tubing.
- ▶ **Six Integrated Storage Hooks & Bungee Cords**  
Keep loose or irregular items securely in place.

## ALL MOBILE PRODUCTS FEATURE TOTAL-LOCK CASTER WHEELS

Smooth mobility and secure positioning at the push of a toe.

## PARTS MANAGEMENT & MAINTENANCE CARTS

# MOBILE VERTICAL STORAGE RACK™

PART # **MBM**

Say goodbye to wasted space and tangled equipment. The Innovative Mobile Bumper Storage Rack™ is a heavy-duty, fully adjustable solution for storing oversized components like bumpers, panels, cowling, fairings, or fabricated parts.

Perfect for fleet service centers, marine shops, and aviation maintenance bays where large parts need secure, mobile organization.

### KEY FEATURES:

- ▶ **Custom-Fit Flexibility**  
Eight oversized support arms adjust in seconds to handle large or irregular items.
- ▶ **Heavy-Duty Steel Construction**  
Patented high-carbon brackets ensure strength under heavy loads (250 lb capacity).
- ▶ **Smooth, Locking Mobility**  
4" total-lock caster wheels allow for easy repositioning and rock-solid placement.
- ▶ **Space-Saving Design**  
Vertical storage keeps your work area organized while minimizing floor space usage.

## WALL STORAGE RACK™

PART # **MBW**

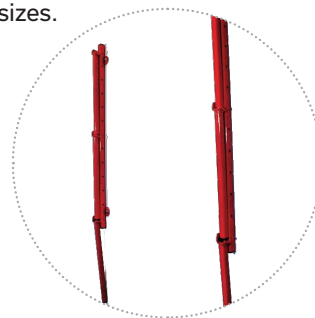

Maximize wall space and take control of large-part storage with the Innovative Wall Bumper Storage Rack™.

Designed for shops handling oversized or specialty components—like fairings, panels, or bumpers—this rugged, wall-mounted rack keeps parts secure, visible, and off the floor. Ideal for marine, aviation, fleet, and light manufacturing environments.

### KEY FEATURES:

- ▶ **Wall-Mounted Efficiency**  
Frees up valuable floor space while keeping large parts neatly stored and accessible.
- ▶ **Adjustable Support Arms**  
Twelve 23" arms adapt in 3" increments to fit parts of all sizes.
- ▶ **Space-Saving Folding Design**  
Arms fold down flat when not in use, minimizing profile.
- ▶ **Heavy-Duty, Patented Build**  
High-carbon, heat-treated steel brackets support up to 200 lbs.

## INNOVATIVE MOBILE STORAGE

PART # **I-MB4**

Engineered for mobility and capacity, the Innovative Mobile Bumper 4™ is your solution for transporting and storing large, lightweight components in dynamic workspaces.

Whether you're managing bumpers, fairings, panels, or fabricated parts in a fleet, aviation, or marine shop, this cart offers the durability and adjustability needed to keep your workflow moving.

### KEY FEATURES:

- ▶ **Holds Up to Four Oversized Components**  
Eight 23" arms adjust every 3" to fit and separate large parts.
- ▶ **Heavy-Duty Frame with Patented Brackets**  
Built from high-carbon, heat-treated steel to withstand daily industrial use.
- ▶ **Easy to Maneuver and Lock Down**  
4" industrial-grade total-lock caster wheels offer smooth movement and secure placement.
- ▶ **Nestable Design**  
Multiple units store efficiently, using only 8" of added floor space per rack when nested.

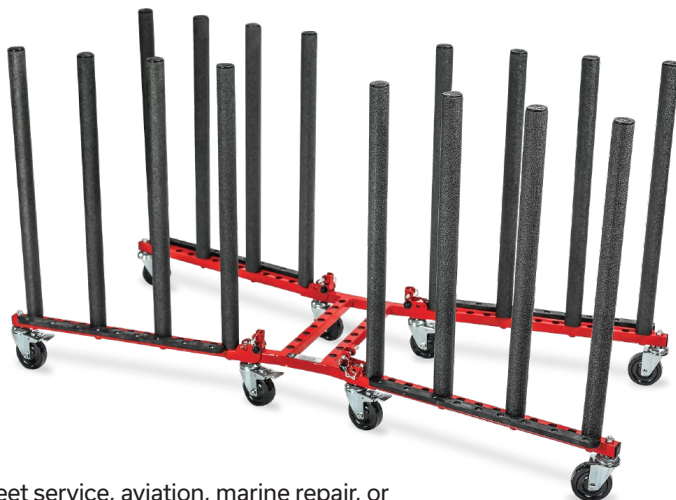

## INNOVATIVE PANEL CART™

**PART # I-PC**

Efficient, foldable, and built for protection, the Innovative Panel Cart™ is ideal for safely storing and transporting large panels, glass, and flat components in dynamic work environments.

Whether you're in fleet service, aviation, marine repair, or light manufacturing, this cart helps prevent damage while maximizing workspace flexibility.

### KEY FEATURES:

- ▶ **Holds Up to Six Panels or Glass Sheets**  
Sixteen posts with 26 post settings allow for custom configurations.
- ▶ **Protective Padding**  
Foam and rubber-lined posts eliminate metal-on-metal contact.
- ▶ **Space-Saving Design**  
Folds up and stays up, storing in just 2 square feet of floor space.
- ▶ **Built for Mobility & Durability**  
Industrial 4" total-lock casters and a powder-coated finish ensure long-term, smooth operation.

### PARTS MANAGEMENT ACCESSORIES

## INNOVATIVE PANEL TRAIN™

**PART # SSPC-PT**

Streamline your workflow and protect your workpieces with the Innovative Panel Train™.

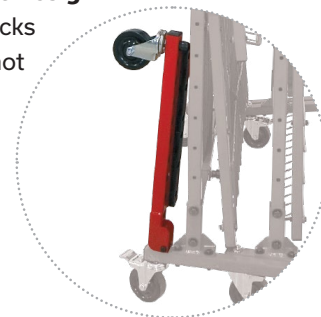

Whether you're handling aircraft panels, marine hatches, or oversized components, this smart add-on mounts to your existing Parts Cart to deliver mobile, padded, damage-free storage for up to three large panels.

Parts Cart  
**PART # SSPC-B**  
not included  
with Panel Train

### KEY FEATURES:

- ▶ **Stores Up to Three Panels**  
Ideal for managing large, flat parts in tight or active shop environments.
- ▶ **Rubber & Foam Padding**  
Prevents scratches, dents, and metal-on-metal contact.
- ▶ **Nine Adjustable Post Positions**  
Quickly adapts to fit different sizes and shapes.
- ▶ **Space-Efficient Design**  
Folds up and locks in place when not in use; stays compact and stable.

## PARTS MANAGEMENT ACCESSORIES

# INNOVATIVE PROTECTIVE MAT™

PART # **SSPC-PM**

Upgrade any cart shelf with a layer of smart protection. The Innovative Protective Mat™ is designed to prevent scratches, dents, and contamination when storing delicate or painted components.

Ideal for aviation, marine, fleet, and fabrication shops where high-value parts need extra care.

## KEY FEATURES:

- ▶ **Form-Fitted Rubber Design**  
Custom-cut to cover the full shelf surface of Innovative Parts Carts.
- ▶ **Protects Sensitive Materials**  
Ideal for aluminum panels, finished components, or fragile items.
- ▶ **Eliminates Metal-on-Metal Contact**  
Adds a safety layer that reduces damage and rework.
- ▶ **Durable & Easy to Maintain**  
Built to last and simple to clean, even in demanding shop conditions.

## PARTS MANAGEMENT ACCESSORIES

# INNOVATIVE SHELF MAT™

PART # **SSPC-SM**

Transform your cart into a cleaner, more efficient workspace. The Innovative Shelf Mat™ offers a durable, chemical-resistant surface for organizing parts, tools, and supplies.

Whether you're in aviation, marine, fleet, or manufacturing, this upgrade helps protect your components and keeps work areas tidy.

## KEY FEATURES:

- ▶ **Durable, Chemical-Resistant Surface**  
Built to handle spills, solvents, and daily wear with ease.
- ▶ **Precision Fit**  
Water-jet cut to match all Innovative Parts Cart shelves perfectly.
- ▶ **Easy to Install & Clean**  
Installs in seconds and wipes down quickly to maintain a professional look.
- ▶ **Prevents Small Part Loss**  
Creates a non-slip surface that keeps fasteners, clips, and tools in place.

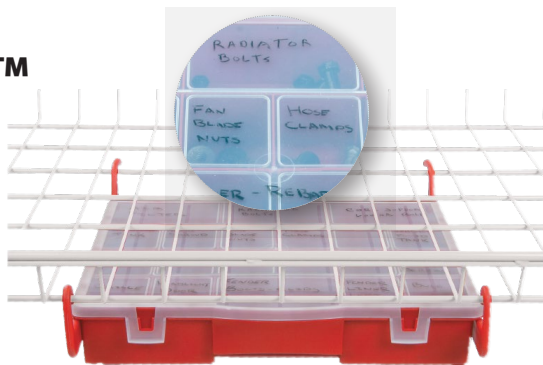

## PARTS MANAGEMENT ACCESSORIES

# INNOVATIVE HARDWARE TRAY™

PART # **SSPC-HT**

Stop losing fasteners and speed up your assembly work. The Innovative Hardware Tray™ mounts under any Innovative Parts Cart shelf, giving you clear, organized access to nuts, bolts, clips, and screws—right where you need them.

Perfect for fleet service, aviation, marine, and manufacturing facilities.

## KEY FEATURES:

- ▶ **Organized Storage for Small Hardware**  
Prevents mix-ups and lost components during repair or reassembly.
- ▶ **Quick Access & Visibility**  
Clear lid with grease pencil marking lets you ID parts instantly.
- ▶ **Fast Installation & Removal**  
Easily lifts out when needed; no tools required.
- ▶ **Tough & Long-Lasting**  
Built from powder-coated steel to stand up to heavy shop use.

PARTS MANAGEMENT ACCESSORIES

## INNOVATIVE PARTS PAN™

PART # **SSPC-PP**

Keep small parts and components right where they belong. The Innovative Parts Pan™ tucks neatly beneath any Innovative Parts Cart shelf, offering easy-access, secure storage for fasteners, clips, fittings, and more.

It's the perfect solution for fleet, aviation, marine, and manufacturing shops focused on efficiency and organization.

### KEY FEATURES:

- ▶ **Smart, Hidden Storage**  
Mounts under cart shelves to maximize workspace without clutter.
- ▶ **Slide & Pull Removal**  
Instantly removable for transport or sorting tasks.
- ▶ **Protects Small Items**  
Prevents loss or mix-ups of critical fasteners and fittings.
- ▶ **Durable Construction**  
Powder-coated steel finish stands up to rough handling and daily use.

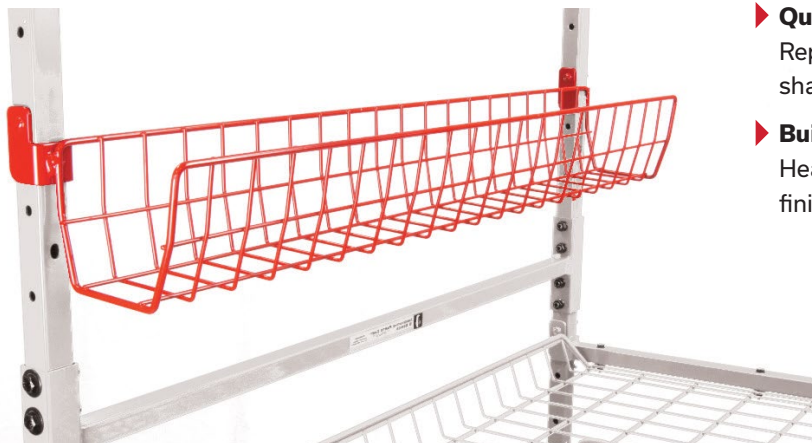

PARTS MANAGEMENT ACCESSORIES

## INNOVATIVE MOLDING HOLDER™

PART # **SSPC-MH**

Tame long, flexible components with the Innovative Molding Holder™. Whether you're storing trim, hoses, tubing, rails, or side moldings, this accessory keeps them secure, straight, and damage-free.

Ideal for shops in fleet maintenance, aviation, marine, or light manufacturing where space and part protection matter.

### KEY FEATURES:

- ▶ **Keeps Long Items Straight**  
Prevents bending, warping, or damage to delicate or flexible parts.
- ▶ **Mounts Anywhere on the Cart**  
Front or back positioning adapts to your workflow.
- ▶ **Quick Adjustment**  
Repositions in seconds to fit different shapes or sizes.
- ▶ **Built to Last**  
Heavy-duty steel with powder-coated finish; lifetime warranty included.

## MATERIAL HANDLING AND WORKSHOP STORAGE

# INNOVATIVE DETAILER CART™

PART # **I-MCDC**

Keep your detailing supplies organized, mobile, and always within reach.

The Innovative Detailer Cart™ is built for pros working in fleet service, marine upkeep, aviation cleaning, and light manufacturing environments. With specialized holders for bottles, pads, gloves, and more—this cart keeps your team efficient and your shop clutter-free.

## KEY FEATURES:

### ► Purpose-Built Storage

Includes buffer pad holder, glove box holder, bottle racks, trash can, and more.

### ► Heavy-Duty Design

Powder-coated steel frame stands up to daily shop use.

### ► Total-Lock Mobility

4" industrial-grade casters move easily and lock in place instantly.

### ► Streamlined Efficiency

Reduces trips back and forth to supply rooms and keeps tools visible and ready.

## ALL MOBILE PRODUCTS FEATURE 4" TOTAL-LOCK CASTER WHEELS

Smooth mobility and secure positioning at the push of a toe.

## MATERIAL HANDLING AND WORKSHOP STORAGE

# INNOVATIVE PAINT PREP CART™

PART # **I-MCPC**

Organize your materials, streamline your workflow, and keep your team focused.

The Innovative Paint Prep Cart™ is designed for technicians working in fleet maintenance, marine service, aviation refinishing, or light manufacturing. With optimized storage for tapes, tools, paper rolls, gloves, and more, this cart eliminates clutter and wasted time.

## KEY FEATURES:

### ► All-in-One Supply Station

Includes baskets, glove and spray gun holders, trash can, and more.

### ► Open-Wire Layout

Makes inventory checks fast and effortless at a glance.

### ► Built for Durability

Powder-coated steel construction resists daily wear in any environment.

### ► Total-Lock Mobility

4" industrial-grade casters ensure smooth rolling and zero movement when locked.

## MATERIAL HANDLING AND WORKSHOP STORAGE

# INNOVATIVE BODYMAN CART™

PART # **I-MCBM**

Boost productivity with a cart built to keep your tools and materials organized, visible, and mobile.

The Innovative Bodyman Cart™ is ideal for any technician-driven environment—whether it's fleet repair, marine maintenance, aviation, or light manufacturing. Designed for accessibility and efficiency, this cart keeps everything at your fingertips, reducing downtime and clutter.

### KEY FEATURES:

- ▶ **High-Capacity Storage**  
Includes baskets, bottle holders, trash can, glove box holder, and more.
- ▶ **Barcode-Ready**  
Comes with 50 barcode tag holders for streamlined inventory tracking.
- ▶ **Built Shop Tough**  
All-steel, powder-coated construction for durability and longevity.
- ▶ **Stable Mobility**  
4" industrial total-lock caster wheels roll smoothly and lock securely when parked.

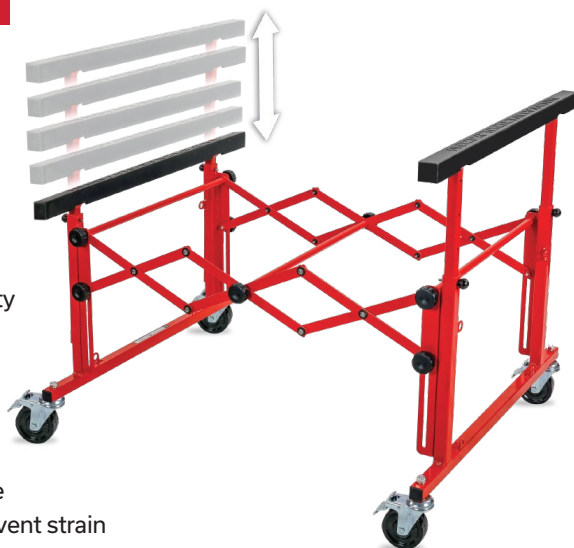

## MULTI-PURPOSE WORK STANDS

# INNOVATIVE X-TENDER STAND™

PART # **I-ES**

From buffing hoods to repairing panels or holding odd-shaped components, the Innovative X-Tender Stand™ delivers the flexibility, comfort, and durability your techs need.

Built for aviation, marine, fleet, and light manufacturing shops, this adjustable work stand helps prevent strain while improving part access and mobility.

### KEY FEATURES:

- ▶ **13" Vertical Adjustability**  
Allows technicians to set a comfortable, ergonomic work height.
- ▶ **Fits Large & Irregular Parts**  
Great for doors, hoods, fenders, and specialty components.
- ▶ **Total-Lock Caster Wheels**  
4" industrial-grade wheels provide easy movement and secure stability.
- ▶ **Space-Saving Design**  
Folds down for compact storage when not in use.
- ▶ **Built to Perform**  
Powder-coated steel frame with 225 lb capacity and a 3-year warranty.

## MULTI-PURPOSE WORK STANDS

# INNOVATIVE X-STAND™

PART # I-XS

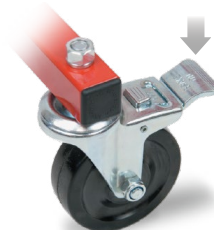

Versatile, adjustable, and mobile – the Innovative X-Stand™ is the ultimate scissor-style support solution for any shop handling panels, doors, hatches, or equipment.

Whether you're buffing, repairing, painting, or staging, this stand adapts to your workflow with precision and durability.

## KEY FEATURES:

- ▶ **Fully Adjustable Width & Height**  
Support arms adjust from 14"–30" wide and up to 44" tall for a custom fit.
- ▶ **12 Locking Positions**  
Accommodates unique part contours and sizes with secure, padded arms.
- ▶ **4" Total-Lock Wheels**  
Industrial-grade casters ensure smooth mobility and zero movement when locked.
- ▶ **Built for Shop Environments**  
Durable powder-coat finish and a 125 lb. weight capacity withstand daily use.

## MULTI-PURPOSE WORK STANDS

# INNOVATIVE MOBILE HEAVY-DUTY DOLLY

PART # I-TBD

Built to handle more than just truck beds, the Innovative Truck Bed Dolly™ is a heavy-duty, space-saving transport solution for large panels, hoods, equipment, and fabricated assemblies.

Ideal for fleet maintenance, aviation, marine, and industrial shops that need safe handling and flexible mobility for bulky components.

## KEY FEATURES:

- ▶ **Adjustable Fit & Height**  
Four-way adjustments allow perfect positioning for virtually any large item.
- ▶ **Compact Foldable Design**  
Freestanding, collapses to the smallest footprint in the industry for easy storage.
- ▶ **Solid Rubber 8" Total-Lock Wheels**  
Industrial-grade mobility that glides smoothly—even on rough surfaces—and locks in place.
- ▶ **Heavy-Duty Stability**  
Four thick rubber pads prevent slippage while supporting up to 600 lbs.

# INNOVATIVE MOBILE MASKER™

Simplify masking and streamline prep  
with the Innovative Mobile Masker™.

Designed for high-efficiency environments like fleet refinishing, marine coatings, and aviation paint bays, this all-steel cart keeps masking materials organized, mobile, and ready to go—anywhere in your shop.

# INNOVATIVE PAPER & PLASTIC DISPENSER™

Keep your masking materials clean, accessible, and ready to dispense—vertically or horizontally.

The Innovative Paper & Plastic Dispenser™ is a versatile, all-in-one solution for shops working with plastic sheeting and masking paper.

Ideal for fleet service, aviation refinishing, marine maintenance, or light manufacturing.

► **Holds Multiple Paper Rolls**

Supports one 12" roll and two 18" rolls for a variety of masking tasks.

► **Compact Profile, Big Capability**

At just 19" wide, it's easy to maneuver through tight spaces.

► **Clean Cuts, Every Time**

Thick steel blades ensure smooth, consistent tearing of paper and tape.

► **Mobile & Lockable**

4" industrial total-lock caster wheels allow for stable positioning during use.

**► Durable & Reliable**

Heavy-duty powder-coated steel frame with lifetime warranty.

## ► Dual-Format Dispensing

Works in both vertical and horizontal positions for maximum flexibility.

► **Supports Large Rolls**

Accommodates 36" paper and standard plastic sheeting directly from factory boxes.

► **Smooth, Clean Tearing**

Features the industry's  
only 36" stainless steel  
tear blade for crisp edges.

**► Rugged & Mobile**

Built from heavy-duty steel with 8" wheels for easy transport around the shop.

► **Dust-Free Storage**

Keeps plastic contained and protected from debris.

PAINT DEPARTMENT

## INNOVATIVE MOBILE PLASTIC SHEETING DISPENSER™

PART # **I-MPSD**

Take control of your plastic sheeting with a dispenser designed for mobility and cleanliness.

The Innovative Mobile Plastic Sheet Dispenser™ keeps materials off the floor, dust-free, and ready to use—making it ideal for fleet shops, aviation bays, marine yards, and industrial facilities with demanding prep needs.

### KEY FEATURES:

- ▶ **Vertical or Horizontal Dispensing**  
Adaptable to your workspace and preferred workflow.
- ▶ **Dust-Free Storage**  
Dispenses directly from the factory box to keep sheeting clean and protected.
- ▶ **Effortless Material Rotation**  
Nylon bushings ensure smooth roll movement during use.
- ▶ **Heavy-Duty Mobility**  
Equipped with 8" wheels and a steel frame built to roll through tough environments.
- ▶ **Built to Last**  
Powder-coated finish and lifetime warranty ensure long-term performance.

PAINT DEPARTMENT

## INNOVATIVE MAGNETIC WALL PLASTIC SHEETING DISPENSER™

PART # **I-MWPS**

Mount your plastic sheeting where it's most convenient—no tools, no clutter. The Innovative Magnetic Wall Plastic Sheet Dispenser™ delivers flexible, scratch-free mounting on any metal surface, making it perfect for aircraft hangars, marine shops, fleet service bays, or fabrication areas.

### KEY FEATURES:

- ▶ **Strong Magnetic Mounting**  
Six rubber-coated neodymium magnets provide secure hold without damaging surfaces.
- ▶ **Dust-Free Dispensing**  
Keeps plastic in its factory box for clean, organized access.
- ▶ **Highly Portable**  
Easily move the unit to any metal wall, cabinet, or booth interior.
- ▶ **Compatible with All Brands**  
Handles 12", 16", and 20" plastic rolls effortlessly.
- ▶ **Durable Build**  
Powder-coated steel construction ensures longevity with a lifetime warranty.

**ACHIEVE MAXIMUM LEVELS OF EFFICIENCY AND  
PRODUCTIVITY WITH **INNOVATIVE SHOP SOLUTIONS.****
